

A5512 or A5513 Incorrectly Denied by Noridian- Jurisdiction A & D DMERC

April 05, 2018

Jurisdiction A and D DMERC system issue:

Noridian is incorrectly denying **A5513** or **A5512** with the denial for incorrect modifier **(4)**. This is a system error. They will be conducting a system update next week and reprocessing all incorrectly denied claims. Providers should not resubmit claims as it will cause a duplicate denial error.
